About me

Guilherme Patriota is a fast learner professional who works as Data Science Professor and Electrical Engineer with a Masters in AI in search of an opportunity to work in his areas of interest. Working as a University Professor in the Computer Engineering and Data Science courses since 2016 I know I can make the difference at your company to achieve financial goals and make the crypto world a trusted place to trade money again.

Skills

Team Work, Analytical Mind, Teaching

AWS, RDS, Linux Shell, Docker

Eletronics, IoT, MQTT, Kafka

Hbase, Redis, MongoDB, Elasticsearch

Python, AI, Logic, C++, R, Skala

DBA, SQL DDL, MySQL, NoSQL

Big Data, Hadoop, Spark

English, French, Portuguese

(*)[The skill scale is from 0 (Fundamental Awareness) to 6 (Expert).]

Interests

Cryptocurrencies; Data Science; Big Data

Education

2013-2016	MBA in Healthcare *Improuvments into medical equipments maintenance.*	FGV/Brazil
2009-2011	M.Sc. Electrical Engineer *AI with electronics and telecommunications.*	UFPR/Brazil
2002-2006	B.Sc. Electrical Engineer *Electronics and telecommunications.*	UFPR/Brazil
2004-2004	B.Sc. Electrical Engineer *Sandwitch degree in Electrical Engineer - Electronics*	ENSPS/France

Experience

since 2016	University Professor *University Professor in the Software Engineering, Computer Engineering and Data Science courses at UNINTER - International University Center in Brasil and Educator at AWS Academy.*	FAESP and UNINTER
2020-2021	New Technologies Developer *Develop eletronics and software for new 3d printers and other products. Manage projects database. Manage the assembly line.*	Boa Impressão 3D
2018-2020	3D Printer Engineer. *Build, repair end configure 3d printer and 3d modeling.*	GS3D
2012-2018	Clinical Engineer. *Maintain and repair medical and non medical equipments. Manage Datacenter. Mantain hospiatl and pacients database secure and online 24/7. Manage technician and IT teams.*	Several Hospitals in Brazil

Volunteer Experience

2020	Volunteer *Development, 3D printing and delivery of 500 face shields for donation to healthcare professionals in Curitiba during the first 6 months of the COVID-19 pandemic in Brazil.*	GS3D
2009-2010	Brazilian Scouts Monitor *Organize activities for Pionneers (young people between 15 and 17 years old) assisting them in developing their physical, spiritual, intellectual, social and affective potential.*	GEUJ - Grupo Escoteiro União Juventus

Complementary Studies

2020	Knowledge discovery in database and datamining. *UFPR/Brazil*	60h
2020	Data Science foundations. *Aldeia Coworking/Brazil*	32h
2020	Introduction to computer programming using python. *MITx*	9 weeks
2020	AI fundamentals. *Data Science Academy*	8h
2020	Datascience 2.0. *Data Science Academy*	8h
